

GREENFIELDS SCHOOL 2016 to 2017 School Fees

As an independent school, and as a charity with students from different backgrounds and faiths, Greenfields aims to keep its fees comparatively low in order to be accessible to as many children as possible. The aim is to give parents a full educational solution from age 2 through to age 18, Nursery to A Levels, furnishing a complete pathway for their child.

Standard Fees

Our standard fees are what we charge for international students. The aim is to provide an independent school education with low fees whilst maintaining a high staff to student ratio.

UK and Local Community Discount Scheme

Apart from our Standard Fees, we operate a substantial UK and Local Community Discount Scheme for anyone living inside the UK.

In order to see how this works for you, simply select the table below that applies to your child.
